

iCrestiQ Sourcing

iCrestiQ LLC

GOVERNMENT SUPPLY | COMMERCIAL EQUIPMENT | INDUSTRIAL PROCUREMENT

CAPABILITIES STATEMENT

COMPANY OVERVIEW

iCrestiQ LLC is a South Carolina-based small business providing government, commercial, and institutional buyers with responsive sourcing and procurement support for industrial equipment, hardware, safety products, tools, MRO supplies, and related facility-maintenance needs. We combine agile supplier sourcing, competitive quotation support, and coordinated fulfillment to help customers simplify equipment and supply acquisition.

Through iCrestiQ Commercial, we are expanding our equipment capabilities with an initial focus on commercial and industrial pressure-washing systems, while building a scalable platform for material-handling and other commercial equipment categories. Our model supports ecommerce purchases, commercial RFQs, and federal, state, and local government procurement.

CORE COMPETENCIES

- Industrial hardware, fasteners, O-rings, seals, tools, PPE and MRO supplies
- Commercial & industrial pressure-washing equipment sourcing
- Hot-water, cold-water, trailer, skid and stationary wash systems
- Surface-cleaning, water-recovery, hose, reel, pump and accessory sourcing
- Commercial RFQ development, product matching and competitive quote support
- Government & institutional procurement support
- Supplier, distributor and manufacturer coordination
- Direct-to-customer fulfillment coordination when available through the supplier

EXPANDING COMMERCIAL EQUIPMENT CAPABILITY

Material handling is the next planned equipment vertical. iCrestiQ Commercial is being structured to support sourcing for pallet trucks, electric stackers, lift tables, carts, drum-handling equipment, dock equipment, work-positioning equipment, and related warehouse and facility solutions. Additional commercial cleaning, shop, air-compressor, automotive/service and facility-maintenance categories may be added as supplier relationships are established.

DIFFERENTIATORS

- Fast-response sourcing with an agile small-business structure
- One procurement partner for ecommerce, commercial RFQs and government requirements
- Flexible sourcing across established manufacturers and distributors
- Ability to support small-quantity buys and larger project-based requirements
- Clear order communication, documentation and fulfillment coordination
- Service and warranty coordination through manufacturer-authorized networks or qualified partners, where applicable
- Government-focused product research, specification matching and compliance awareness
